Solbridge campus

Ever since its birth in 2008, SolBridge International School has been thriving to become a top business school where they educate the Next Generation of Asian Thought Leaders. Under the institution, SolBridge Consulting Group's (SCG) vision is to become the connection of their BBA & MBA students between various industries. SCG members conduct and develop research on key business issues and construct business plans based on their global insights. SCG is open to business projects of large to small organizations from any industry or country.

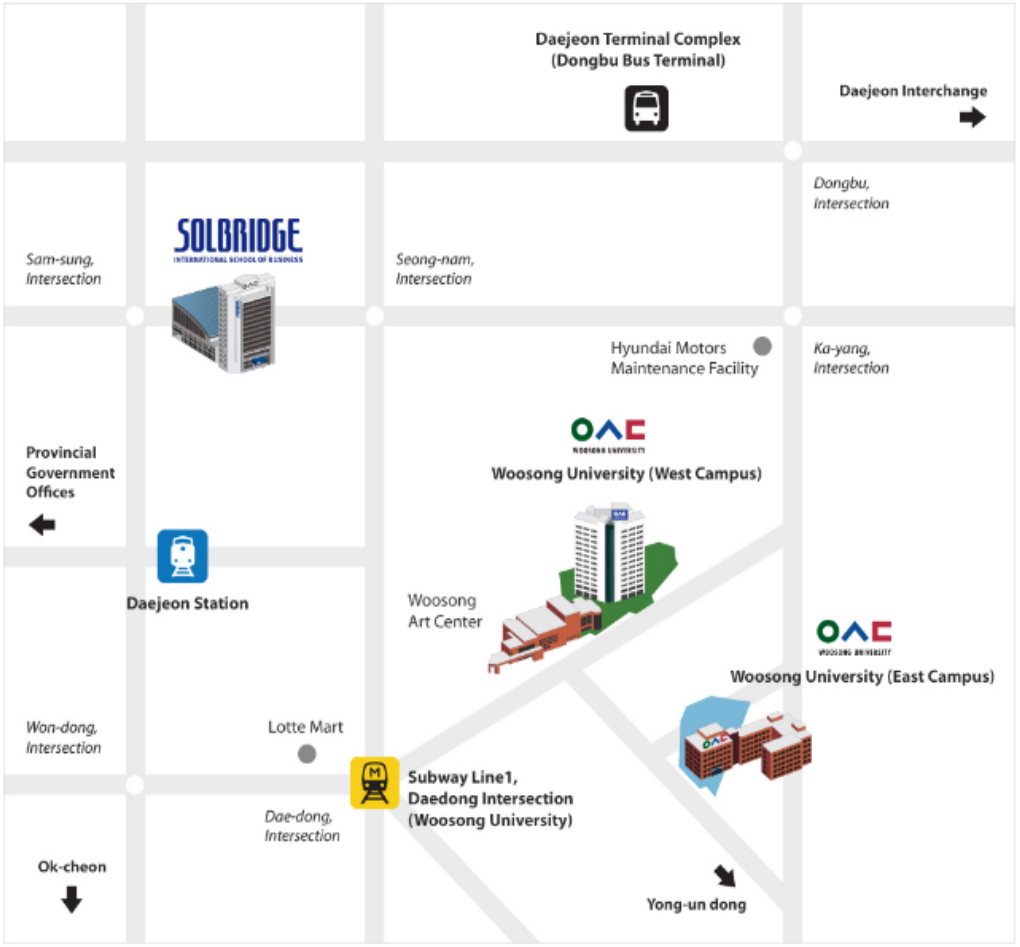
Introduction Solbridge

SOLBRIDGE



ABOUT DAEJEON

Daejeon city, the research and development capital of Korea and only an hour from Seoul by hi-speed train, is the 5th largest city in South Korea, with a population of about 1.5 million people (2010). Regarded as “Asia’s Silicon Valley,” the city is home to 18 universities, including the Korea Advanced Institute of Science and Technology (KAIST) and SolBridge International School of Business. Several important research centers are based in the Daedeok Innopolis area. Sejong Special Autonomous City, South Korea’s second government capital after Seoul, is located nearby Daejeon.

Accommodation:

1. SolGeo Residence

Sol-Geo is the international residence for all BBA students admitted to SolBridge. Students are automatically matched up with a roommate from a different country and are highly encouraged to live their first semester of studies there. After their first semester, students may apply for other residences or opt to live off-campus. For the spring and fall, the residence fee includes a breakfast charge; for lunch and dinner, however, students are free to purchase a meal ticket at their convenience. In the summer and winter, no breakfast fee is charged, and all meals may be purchased with a meal ticket. In addition to the rooms, Sol-Geo is a modern, clean, safe, and Wi-Fi-accessible facility that features a library, dance studio, common kitchen, and various study halls and classrooms. Located on the East side of the campus, Sol-Geo is close to the nearby shops, restaurants, subway line, and various bus routes. SolBridge provides a convenient shuttle bus service to and from Sol-Geo.

The situation and risk that could happen

If you have failed courses in Solbridge, you need to discuss with your head of program first by sending an email with choosing the 2 option following below:

- You will extend in Solbridge for 1 semester/ 1 year, to completed the failed course in Solbridge. Eventhough only 1 course.
- Comeback to BINUS and doing the single degree in BINUS only (not get the degree from Solbridge).
