Corous 360

About Maxitech

Max Interactive Technologies (Maxitech) is a mobile internet service company. Its proprietary mobile application platform converts low cost mobile devices into fully featured interactive smartphones working in partnership with mobile network operators and service providers to create a complete mobile content ecosystem ready for the developing countries.

Maxitech is a subsidiary of Corous360, a leading digital commerce and payment solutions provider in Southeast Asia. For more information, visit to www.corous360.com.

Position Available:

Management Trainee (Product)

Corous360 is looking for Management Trainee – Product to join our team, and be responsible for the strategy and execution of the Company’s Fintech business in the SEA market. The ideal candidate must possess a strong passion for fintech, mobile payment and ecommerce, excellent communication, organizational, and analytical skills, along with the ability to work well with multiple stakeholders in both a technical and business environment.

Provide product management leadership throughout the product’s lifecycle (market/product requirement documents, pricing, forecasts, roadmaps, messaging, go-to-market plans, etc.)

Spearhead on initiatives to drive revenue and improve activities and interactions to the Fintech products and services

Collaborate closely with a cross-functional team from technology development, marketing, finance and customer support through the development process and into on-going operations

Work closely with the developers to find ways to optimize systems including but not limited to social experience, ease of use, responsiveness of the systems, and AI.

Interested individuals that meet the following minimum requirements are encouraged to apply:

Bachelor’s degree in Business Administration, IT or related field or equivalent work experience

Experience on fintech, mobile / social networking applications

Ability to manage multiple projects in a fast-paced and high-pressure environment

If this challenging position intrigues you, please send in your detailed resume (including current/expected salaries and availability) to us.
