# Deutsche Bank

---

## 1. Client Service & Delivery Analyst - Indonesia (Entry Level)

### Job Description:

Deutsche Bank is the leading German bank with strong European roots and a global network. We're driving growth through our strong client franchise. Against a backdrop of increasing globalization in the world economy, Deutsche Bank is very well-positioned, with significant regional diversification and substantial revenue streams from all the major regions of the world. We serve our clients' real economic needs in commercial banking, investment banking, private banking and asset management. We are investing heavily in digital technologies, prioritizing long term success over short-term gains, and serving society with ambition and integrity. All this means a career packed with opportunities to grow and the chance to shape the future of our clients.

### Requirement:

We recruit highly intelligent graduates who are ambitious and adaptable. They have degrees in many different disciplines. Even though good levels of numeracy are important for some roles, you won't necessarily need a formal mathematical or financial background. We have very comprehensive training programmes that will give you all the technical knowledge you'll need to build a career with us. Above all, we're looking for entrepreneurial people who thrive best in a diverse culture where innovation and agile thinking abound.

You should not only be passionate about the world of finance, but also show a keen interest in your chosen field. You already have a record of outstanding academic achievement and you're eager to go on learning at the same intensive rate. So you'll thrive on working in a highly collaborative environment with some of the best minds in banking.

Are you passionate about providing extraordinary service to clients while building sustainable relationships?

Do you have strong communication skills and are you fluent in English?

Can you work well in a team and inspire others with your ideas?

Are you open to new challenges, and adaptable to work through them in a fast changing industry?

Would you describe yourself as a conscientious, dedicated individual with excellent analytical skills and the ability to work independently?

Our values define the working environment we strive to create – diverse, supportive and welcoming of different views. We embrace a culture reflecting a variety of perspectives, insights and backgrounds to drive innovation. We build talented and diverse teams to drive business results and encourage our people to develop to their full potential. Talk to us about flexible work arrangements and other initiatives we offer.

We promote good working relationships and encourage high standards of conduct and work performance. We welcome applications from talented people from all cultures, countries, races, genders, sexual orientations, disabilities, beliefs and generations and are committed to providing a working environment free from harassment, discrimination and retaliation.
